As in years past, I tried my best to keep Outside Events off weekends as much as possible – focusing on June/July/August. It is always my desire to find a balance between open weekends and hosting tournaments that are important to both the membership and the club. This year I will be experimenting with a new approach to some of our ‘fun’ events where we utilize tee times through a period of the morning. This will allow Cody more flexibility on getting the course ready and allow for more tee times to be available to members who might not choose to play in events. Please be on the lookout for details when the time comes!
